"Filled with grace, hope, and practical ways forward for every momma." -- Candace Cameron Bure, actress and New York Times bestselling author Most days motherhood often looks like bottomless piles of laundry; a sink full of dishes; sleepless nights; and unshowered, nonstop, endless days. If that's all there is, then no wonder "Grumpy Mom" sometimes sneaks into your heart and home. If you can relate, you're in good company--Valerie Woerner gets it and has experienced Grumpy Mom more often than she'd care to admit. In *Grumpy Mom Takes a Holiday*, Valerie shares what she's learned so far about sending Grumpy Mom packing and embracing a joyful, intentional motherhood that is so much better than you thought possible. As you journey with Valerie,

you'll be inspired and equipped to find energy in the most unlikely places, pursue your own dreams, be set free from mom guilt, feel content despite unfinished to-do lists, spend purposeful time with God amid the daily chaos, and discover more joyous moments of motherhood. So, take a holiday from Grumpy Mom, and enjoy life as the mom God made you to be.

A stroller is almost an essential product for babies. Chances are that you will have to transport your baby to one place or another during its infancy, and a stroller is one of the best ways to do this. Not only do you not have to carry your child around, but it also allows your child to get a nice scenic view of where you are going. Basically, a baby stroller is a great investment regardless of what you plan on doing. You will find it useful whether you are taking strolls in the park or going shopping at the mall!

Cities shape the lives and outlooks of billions of people, yet they have been overshadowed in contemporary political thought by nation-states, identity groups, and concepts like justice and freedom. *The Spirit of Cities* revives the classical idea that a city expresses its own distinctive ethos or values. In the ancient world, Athens was synonymous with democracy and Sparta represented military discipline. In this original and engaging book, Daniel Bell and Avner de-Shalit explore how this classical idea can be applied to today's cities, and they explain why philosophy and the social sciences need to rediscover the spirit of cities. Bell and de-Shalit look at nine modern cities and the prevailing ethos that distinguishes each one. The cities are Jerusalem (religion), Montreal (language), Singapore (nation building), Hong Kong (materialism), Beijing (political power), Oxford (learning), Berlin (tolerance and intolerance), Paris (romance), and New York (ambition). Bell and de-Shalit draw upon the richly varied histories of each city, as well as novels, poems, biographies, tourist guides, architectural landmarks, and the authors' own personal reflections and insights. They show how the ethos of each city is expressed in political, cultural, and economic life, and also how pride in a city's ethos can oppose the homogenizing tendencies of globalization and curb the excesses of nationalism. *The Spirit of Cities* is unreservedly impressionistic. Combining strolling and storytelling with cutting-edge theory, the book encourages debate and opens up new avenues of inquiry in philosophy and the social sciences. It is a must-read for lovers of cities everywhere. In a new preface, Bell and de-Shalit further develop their idea of "civicism," the pride city dwellers feel for their city and its ethos over that of others.

Earth Day celebrates our beautiful planet and calls us to act on its behalf. Some people spend the day planting flowers or trees. Others organize neighborhood clean-ups, go on nature walks, or make recycled crafts. Readers will discover how a shared holiday can have multiple traditions and be celebrated in all sorts of ways.

The #1 New York Times Bestseller: "A hilarious take on that age-old problem: getting the beloved child to go to sleep" (NPR). "Hell no, you can't go to the bathroom. You know where you can go? The f**k to sleep." *Go the Fuck to Sleep* is a book for parents who live in the real world, where a few snoozing kitties and cutesy rhymes don't always send a toddler sailing blissfully off to dreamland. Profane, affectionate, and radically honest, it captures the familiar—and unspoken—tribulations of putting your little angel down for the night. Read by a host of celebrities, from Samuel L. Jackson to Jennifer Garner, this subversively funny bestselling storybook will not actually put your kids to sleep, but it will leave you laughing so hard you won't care.

Like any self-respecting, totally decent, soundly homicidal guy, Dexter Morgan takes great pride in his work and is careful to remain anonymous. So he is, naturally, upset to discover that someone has identified him and—worst of all—is now turning his own methods against him. The situation soon becomes more complicated when a brutal cop-killer begins targeting Miami's police detectives—leaving behind bodies that are battered beyond recognition—and stoking the department's worst fears. As his colleagues grow more paranoid of the psychotic killer in their midst, Dexter's position is increasingly perilous. He is running out of time to track down this

copycat and deliver his usual special justice, before his dark hobby is revealed to the world.

Argued with a real verve, it makes a plea to rethink the role of tourism in modernity seeing it not as a fleeting and marginal element, but as something enduring, emblematic and constitutive of contemporary society. Tourism is seen as a key element of modern life, not an escape from it' - Mike Crang, Department of Geography, University of Durham Tourism is a rapidly growing area of student enrolment. Lecturers and students who have waited patiently for an up-to-date, lucid and indispensable teaching and research text, need wait no more. This book is a matchless guide to understanding the theory, practice, development and effects of tourism. *Tourism: An Introduction*: - equips students with a critical perspective of the central processes of tourism and the relationship between tourism and culture - places tourism at the heart of modern life rather than as a peripheral feature added on after work - illuminates the relationship between tourism and nation formation, citizenship, consumerism and globalization - reveals the ritual, performative and embodied dimensions of tourist experience This book offers readers a major synthesis of modern thought on tourism. It breaks the mould of approaching tourism as a self-contained, compartment of contemporary life and treats it as a major and exciting cultural phenomenon. This is a landmark work in the study of tourism. Adrian Franklin is the editor of the acclaimed journal *Tourist Studies* (SAGE Publications).

Jean Baudrillard meets Cookie Mueller in this gathering of French theory and new American fiction. Compiled in 2001 to commemorate the passing of an era, *Hatred of Capitalism* brings together highlights of Semiotext(e)'s most beloved and prescient works. Semiotext(e)'s three-decade history mirrors the history of American thought. Founded by French theorist and critic Sylvere

Lotringer as a scholarly journal in 1974, Semiotext(e) quickly took on the mission of melding French theory with the American art world and punk underground. Its Foreign Agents, Native Agents, Active Agents and Double Agents imprints have brought together thinkers and writers as diverse as Gilles Deleuze, Assata Shakur, Bob Flanagan, Paul Virillio, Kate Millet, Jean Baudrillard, Michelle Tea, William S. Burroughs, Eileen Myles, Ulrike Meinhof, and Fanny Howe. In *Hatred of Capitalism*, editors Kraus and Lotringer bring these people together in the same volume for the first time.

Esperanza's Box of Saints is a magical, humorous, and passion-filled odyssey about a beautiful young widow's search for her missing child -- a mission that takes her from a humble Mexican village to the rowdy brothels of Tijuana and a rarely seen side of Los Angeles. Rescued from turmoil by her favorite saint, Esperanza embarks on a journey that tests her faith, teaches her the ways of the world, and transforms her from a fervently religious innocent to an independent, sexual, and passionately devout woman.

In *The Logic of Life*, bestselling author Tim Harford quite simply makes sense of this world. Life often seems to defy logic. The receptionist is clearly smarter than the boss who earns fifty times her salary. Arbitrary lines starkly divide the desirable districts of the city from the dangerous ones. Voters flock to the polling booths to elect candidates who'll rip them off to favour special interests. None of it makes logical sense -- or does it? Economist and acclaimed author Tim Harford thinks it does. By weaving stories from locations as diverse as a Vegas casino to a barroom speed date, Harford aims to persuade you that people are, in fact, surprisingly logical. When a street prostitute agrees to unprotected sex, or a teenage criminal embarks on a burglary -- perhaps especially when a racist employer disregards a black job applicant -- we would seem to be a million miles from rational behaviour. Harford shows that, discomfitingly, we are not. It turns out that the unlikeliest of people are complying with the logic of economics and responding to future costs and benefits, often without realizing it; and socially tragic outcomes can have their roots in individually rational decisions. Brilliantly reasoned, always entertaining and often provocative, *The Logic of Life* is a book to help you understand yourself and the world around you.

Distinguished pediatrician Dr Robert Bucknam, M.D. and co-author Gary Ezzo are two of the world's leading experts on baby sleep and feeding patterns. Millions of new mothers across the globe are coming toward this new brand at an increasing pace as they find and share the life changing success they are achieving with their newborns. This updated Anniversary edition celebrates 25 years with Bucknam and Ezzo's groundbreaking approach which has found favor with over six million parents in all 50 states and has been translated into 20 languages around the world. For 25 years, *On Becoming Babywise* has been the de facto newborn parenting manual for naturally synchronizing your baby's feeding time, waketime and nighttime sleep cycles, so the whole family can sleep through the night. In his 28th year as a licensed Pediatrician, Dr. Robert Bucknam, M.D. along with co-author Gary Ezzo, demonstrate how order and stability are mutual allies of every newborn's metabolism and how parents can take advantage of these biological propensities. In particular, they note how an infant's body responds to the influences of parental routine or the lack thereof. Early chapters start with explorations of everyday aspects of infant management such as the three basic elements of daytime activities for newborns: feeding time, waketime, and naptime. Practical discussions then focus on broad and niche topics including feeding philosophies, baby sleep problems, baby scheduling challenges, nap routines, sleep training multiples, baby sleeping props, Colic and Reflux and many other dimensions which impact breast feeding schedules, bottle feeding tips, and baby sleeping training. Five resource Appendixes provide additional reference material: 1) Taking care of baby and mom 2) A timeline of what to expect and when 3) Baby Sleep Training Problems and Solutions 4) Monitoring Your Baby's Growth 5) Healthy Baby Growth Charts *On Becoming Babywise* is more than an infant-management concept. It is a mindset for successful parenthood. It can help any parent develop a plan that meets both the needs of a new baby and of the entire family. These prin-

ciples have worked for millions of parents and, when applied with common sense to your unique situation, can work wonderfully for you too! Recommended by doctors across the country.

A simple rhyme to put babies down to sleep; includes information to ensure safe sleep for babies.

Writers, game designers, teachers, and students ~this is the book you've been waiting for! Written by storytellers for storytellers, this volume offers an entirely new approach to word finding. Browse the pages within to see what makes this book different:

Widely used in architectural circles in the heat of discussion, the recurrent use of particular words and terms has evolved into a language of design jargon. Commonly found in architectural literature and journalism, in critical design debate and especially in student project reviews, *Archispeak* can seem insular and perplexing to others and -- particularly to the new architectural student -- often incomprehensible. There is a need to translate architectural design concepts into spoken and written commentary -- each word in use embodying a precise and universally accepted architectural meaning. If we explore the vocabulary of this language we gain insight into good design practice and into collective understanding of what constitutes a refined architecture. This unique illustrated guide will help students understand the nuances of this specialized language and help them in communicating their own design ideas.

In this eighth edition, parents will find helpful tips on "building" the baby's nursery, from crib to diaper bag, plus ratings of car seats, carriers, play yards, and travel systems.

In one of his most ambitious physical efforts to date, Dean Karnazes attempted to run 50 marathons, in 50 states, in 50 days to raise awareness of youth obesity and urge Americans of all fitness levels to "take that next step." *UltraMarathon Man: 50 Marathons - 50 States - 50 Days*, a Journeyfilm documentary, follows Dean's incredible step-by-step journey across the country. Ultrarunning legend Dean Karnazes has run 262 miles-the equivalent of ten marathons-without rest. He has run over mountains, across Death Valley, and to the South Pole-and is probably the first person to eat an entire pizza while running. With an insight, candor, and humor rarely seen in sports memoirs (and written without the aid of a ghostwriter or cowriter), *Ultramarathon Man* has inspired tens of thousands of people-nonrunners and runners alike-to push themselves beyond their comfort zones and be reminded of "what it feels like to be truly alive," says Sam Fussell, author of *Muscle*. *Ultramarathon Man* answers the questions Karnazes is continually asked: - Why do you do it? - How do you do it? - Are you insane? And in the new paperback edition, Karnazes answers the two questions he was most asked on his book tour: - What, exactly, do you eat? - How do you train to stay in such good shape?
