Gameboard of the Gods is the first novel in the new Age of X series by best-selling YA author Richelle Mead. When starting this novel, I expected a typical YA romance filled with static characters with clearly defined morals, and a plot line revolving around a "love at first

sight" relationship, and maybe even a love triangle.

Gameboard of the Gods, a take on a futuristic world where religion dominates territories, tells the tale through the stories of Justin March, an exiled servitor, and Mae Koskinen, who brings him back to their home country of RUNA to solve a case involving religious murders.
