Fantagraphics is proud to present a major, all-new book by Gary Panter. *Songy of Paradise* is an inspired interpretation of John Milton's retelling of the story of Jesus being tempted by Satan after being baptized by John the Baptist and fasting for forty days and nights in the Judean Desert. Panter's version doesn't rely on Milton's words, but faithfully follows the structure of Milton's *Paradise Regained*, with one notable exception: Jesus has been replaced by a hillbilly, Songy, who is on a vision quest before being tempted by a chimeric Satan figure. Gary Panter is one of America's preeminent artists, designers, and cartoonists, whose work defined the L.A. punk scene and the vibrant work of the television show *Pee-Wee's Playhouse*. *Songy of Paradise* presents Panter's singular vision in an ornate, hardcover format that does justice to Panter's densely packed pages, with a stunning two-color stamping on cloth covers. It will be an art object, a brilliant literary experiment, and the most eye-popping graphic novel of 2017.

REACHING NEW HEIGHTS ON SOLO FLIGHTS!!! Sometimes a busy, mature housewife just needs a little alone time, y'know? Some time to get in touch with herself... to recharge her batteries. Which sometimes means draining a few batteries. And a little baby oil. Or the garden hose. There might be a spatula involved. Possibly a banana. And what's Mom doing with her teenage daughter's class photo? From the kitchen to the laundry room, in the backyard and in the bedroom, and even at the store, these intimate personal moments are captured in loving detail in this gallery of sensuously shaded pencil drawings by Rebecca, who obviously knows a thing or two (or seven hundred) about XXX-rated suburban sexuality.

While sexually explicit writing and art have been around for millennia, pornography—as an aesthetic, moral, and juridical category—is a modern invention. The contributors to Porn Archives explore how the production and proliferation of pornography has been intertwined with the emergence of the archive as a conceptual and physical site for preserving, cataloguing, and transmitting documents and artifacts. By segregating and regulating access to sexually explicit material, archives have helped constitute pornography as a distinct genre. As a result, porn has become a site for the production of knowledge, as well as the production of pleasure. The essays in this collection address the historically and culturally varied interactions between porn and the archive. Topics range from library policies governing access to sexually explicit material to the growing digital archive of "war porn," or eroticized combat imagery; and from same-sex amputee porn to gay black comic book superhero porn. Together the pieces trace pornography as it crosses borders, transforms technologies, consolidates sexual identities, and challenges notions of what counts as legitimate forms of knowledge. The collection concludes with a valuable resource for scholars: a list of pornography archives held by institutions around the world. Contributors. Jennifer Burns Bright, Eugenie Brinkema, Joseph Bristow, Robert Caserio, Ronan Crowley, Tim Dean, Robert Dewhurst, Lisa Downing, Frances Ferguson, Loren Glass, Harri Kahla, Marcia Klotz, Prabha Manuratne, Mireille Miller-Young, Nguyen Tan Hoang, John Paul Ricco, Steven Ruszczycy, Melissa Schindler, Darieck Scott, Caitlin Shanley, Ramon Soto-Crespo, David Squires, Linda Williams

Emerging just as Americans were beginning to define themselves less by what they made and believed and more by what they bought, comic strips were from the outset commodities sold by syndicates to newspapers nationwide. Ian Gordon demonstrates that the strips' most enduring role has been not only to mirror a burgeoning consumer culture but also to actively promote it.

The idiosyncratic curriculum from the Professor of Interdisciplinary Creativity will teach you how to draw and write your story Hello students, meet Professor Skeletor. Be on time, don't miss class, and turn off your phones. No time for introductions, we start drawing right away. The goal is more rock, less talk, and we communicate only through images. For more than five years the cartoonist Lynda Barry has been an associate professor in the University of Wisconsin-Madison art department and at the Wisconsin Institute for Discovery, teaching students from all majors, both graduate and undergraduate, how to make comics, how to be creative, how to not think. There is no academic lecture in this classroom. Doodling is enthusiastically encouraged. *Making Comics* is the follow-up to Barry's bestselling *Syllabus*, and this time she shares all her comics-making exercises. In a new hand-drawn syllabus detailing her creative curriculum, Barry has students drawing themselves as monsters and superheroes, convincing students who think they can't draw that they can, and, most important, encouraging them to understand that a daily journal can be anything so long as it is hand drawn. Barry teaches all students and believes everyone and anyone can be creative. At the core of *Making Comics* is her certainty that creativity is vital to processing the world around us.
