New York Times bestselling author Kay Hooper delivers once again with this chilling novel in which the Special Crimes Unit sends a Haven operative undercover to catch a charismatic killer who promises his victims heaven in exchange for more than their lives. . . Young, vulnerable, attractive, Tessa Gray looked like the perfect victim. Which was why Noah Bishop of the FBI's Special Crimes Unit recruited the novice operative to use as bait for a killer hidden inside the Church of the Everlasting Sin—a fortified mountain compound where at least two women have already been murdered in ways that defy explanation. By entering the cult's compound, Tessa will expose herself to the dark magnetism of its leader and his fanatically loyal followers. Once she's inside, no one, not even Bishop or the town's chief of police, can guarantee she'll come out alive. And not even Tessa knows if she's strong enough to resist the lure of a killer who is less than human.

THE NEW BISHOP/SCU NOVEL After years away, Jessie Rayburn has finally returned home—unwelcomed—to a town of menacing whispers: Baron Hollow, North Carolina. It's as though she never left. That's why she's so afraid. She left behind her estranged sister, Emma, who has her own secrets to protect. But Emma is afraid to reveal what's really troubling her and keeping her awake—strange dreams of women being murdered, brutally, viciously. Now, in this conspiracy of silence, Emma's bad dreams are becoming more real than ever. Even with the help of Noah Bishop, cofounder of Haven, the group of psychic investigators that Jessie works for, Jessie and Emma fear they won't be able to outrun the secrets buried in Baron Hollow—or the evil targeting them one last time.

Sometimes evil lingers so close, you can feel it.... Seattle police sketch artist Maggie Barnes has an extraordinary gift. She listens as traumatized crime victims describe their ordeals — and then uses those horrifying recollections to draw dead-on sketches of the assailants. Some cops

think Maggie is telepathic, that she can actually enter the victims' minds. Only Maggie knows the truth behind her rare talent ... and she isn't telling. But her secret may be exposed when a madman seizes Seattle in his terrifying grip. He abducts women and blinds them, leaving them barely alive. The police have one hope: the lone victim who might recover her sight. But they don't know that Maggie has her own dark connection to the monster — an eerie link that may stretch back to a string of unsolved murders. To stop the escalating terror, Maggie will have to push her abilities to the breaking point — even if it means confronting a predator whose powers seem to have no bounds....

Lucas Jordan has an extraordinary psychic skill that police all over the country find invaluable: he locates missing people. And since being recruited by Noah Bishop for his FBI Special Crimes Unit, Lucas has learned to hone his remarkable ability so that what he does seems little short of miraculous. He's called in on what appear to be a series of ordinary kidnappings--for-ransom, but almost immediately Lucas realizes the situation is far from ordinary -- and more deadly than anything he's ever faced before. Because a brilliant, twisted madman is out to win a sick game, matching his wits against the best hunter he can find: Lucas.

New York Times bestselling author Kay Hooper takes us to the outer reaches of fear in *Blood Ties*, as the Special Crimes Unit is targeted by a monster intent on destroying both Noah Bishop and his people. A series of grisly murders has left a trail of blood across three states, bringing the Special Crimes Unit to a small Tennessee town. There, two more brutal killings lure Noah Bishop and the SCU into what may be the ultimate trap, and lead Special Agent Hollis Templeton into a dangerous attraction—and a serial murder investigation that turns very, very personal. In her time with the SCU, Hollis has shown an uncanny ability to survive even the deadliest attacks. But what she can't know is that this killer intends to destroy the team from

within. As the body count climbs, and Bishop and his agents race to uncover the true identity of their enemy, not even their special senses can warn them just how bloody, and how terrifyingly close, the truth will be.

To catch this killer, she must break every rule and cross every line. Out Of The Shadows A picture-perfect Tennessee town has just become a monster's hunting ground. Two bodies are found tortured to death. A third person goes missing. What little evidence is left behind defies all explanation. Is the terror just beginning? Or have the good citizens of Gladstone harbored a dark secret for a long time? Sheriff Miranda Knight is determined to make her small town safe once more. And she does what she swore she would never do: involve FBI profiler Noah Bishop. He's the one man who knows about her unique abilities, and that knowledge almost destroyed her and her sister years ago. Now, as Bishop arrives with his team of agents, Miranda must learn to trust him and use her abilities once more. For they're about to go on the hunt for a killer whose madness has no bounds, a killer who knows exactly how to destroy Miranda: by preying on her sister. Successful as both a top model and, secretly, a bestselling novelist, Danica Morgan refuses Bay Spencer's offer to star in his next movie, but his persistence weakens her resolve as it stirs her emotions.

A desperate underground war with the survival of millions at stake looms in the electrifying conclusion of the New York Times bestselling Bishop Files Trilogy. John Brodie is by nature, by training, and by instinct a Guardian. He is a member of an intricate and secretive network of individuals who have devoted their lives to the deadly struggle of saving psychics in danger of being taken or being killed. It is a war very few other people even know exists, and yet its tentacles stretch deeply and dangerously into every aspect of socie-

ty. Tasha has abilities not even she is aware of, abilities that the other side would give virtually all they possess to destroy. And if being hunted like an animal were not bad enough she has to learn how to become a warrior in a battle she did not choose, to save people she does not know, and possibly even the very world around her. If John Brodie can keep her alive long enough.

Set on the Caribbean coast of South America, this love story brings together Fermina Daza, her distinguished husband, and a man who has secretly loved her for more than fifty years.

Special Agent Isabel Adams is tough, fearless, determined, and every bit Sullivan's equal. She's also psychic. And blond. Now, with time running out, she and Rafe will find themselves forced to take the greatest risk of all, because this psychopath is playing for keeps and Isabel is the perfect trophy. "Thought-provoking—a must read for [everyone] seeking a firm grasp of accurate American history." —Kirkus (starred review) Brilliant, readable, and raw. Maj. (ret.) Danny Sjursen, who served combat tours in Iraq and Afghanistan and later taught history at West Point, delivers a true epic and the perfect companion to Howard Zinn's *A People's History of the United States*. Sjursen shifts the lens and challenges readers to think critically and to apply common sense to their understanding of our nation's past—and present—so we can view history as never before. *A True History of the United States* was inspired by a course that Sjursen taught to cadets at West Point, his alma mater. With chapter titles such as "Patriots or Insurgents?" and "The Decade That Roared and Wept", *A True History* is accurate with respect to the facts and intellectually honest in its presentation and analysis. • Essential reading for every American with a conscience. • Meticulously researched, Sjursen provides a more complete sense of history and encourages readers to view our country objectively. • Sjursen's powerful storytelling reveals balanced portraits of key figures and the role they played. "Sjursen exposes the dominant historical narrative as at best myth, and at times a lie . . . He brings out from the shadows those who struggled, often at the cost of their own

lives, for equality and justice. Their stories, so often ignored or trivialized, give us examples of who we should emulate and who we must become." —Chris Hedges, author of *Empire of Illusion* and *America: The Farewell Tour*

Psychic investigator Lucas Jordan, sought after by police throughout the nation for his ability to locate missing people, responds to what seems to be a routine string of kidnappings and finds himself targeted by a ruthless adversary.

Joanna Flynn was lucky to be alive. Twice in a matter of minutes she almost died on a patch of oil-slicked highway. But when the doctors told her that she would suffer no lasting effects, they were wrong. For that night the dream began... It was only of a house perched high above the sea, of a ticking clock and the lingering scent of roses. Yet night after night it awoke Joanna with a sense of panic. Its terror lingered throughout her days, urging her to do something—but what? Then two strangers on the street called her Caroline, and Joanna knew she had to find an explanation for what was happening, or she'd lose her mind. What she finally uncovered was an obituary for a woman named Caroline McKenna—a woman who looked enough like her to be her twin, a woman who was killed in a car accident on the same day Joanna should have perished. Now her torturous nightmares and a tenuous connection have brought Joanna three thousand miles across country to the town where Caroline lived—and died. Almost everyone has stories to tell about Cliffside's leading lady, and yet no one seems to have known her. Was she the shy wife or the seductress of men? The devoted mother or the selfish beauty? Too soon Joanna realizes that it's not her sanity at stake, but her life. For unraveling the mystery of Caroline means uncovering the secrets in this picturesque town, secrets someone may have killed to hide. And that someone appears all too willing to kill again.

When part of a murdered body is discovered on a running trail in a sleepy Tennessee town, three agents from the FBI's elite Special Crimes Unit are dispatched to investigate and discover an unearthly series of killings, in a conclusion to a trilogy that includes *Blood Sins* and *Blood Dreams*. Reprint.

A stunning beauty with an air of seductive innocence, Kendall James looks like the proverbial dumb blonde—and she plays the part to perfection. Since the 1990s, critics and curators have broadly accepted the notion that participatory art is the ultimate political art: that by encouraging an audience to take part an artist can promote new emancipatory social relations. Around the world, the champions of this form of expression are numerous, ranging from art historians such as Grant Kester, curators such as Nicolas Bourriaud and Nato Thompson, to performance theorists such as Shannon Jackson. *Artificial Hells* is the first historical and theoretical overview of socially engaged participatory art, known in the US as "social practice." Claire Bishop follows the trajectory of twentieth-century art and examines key moments in the development of a participatory aesthetic. This itinerary takes in Futurism and Dada; the Situationist International; Happenings in Eastern Europe, Argentina and Paris; the 1970s Community Arts Movement; and the Artists Placement Group. It concludes with a discussion of long-term educational projects by contemporary artists such as Thomas Hirschhorn, Tania Bruguera, Paweł Althamer and Paul Chan. Since her controversial essay in *Artforum* in 2006, Claire Bishop has been one of the few to challenge the political and aesthetic ambitions of participatory art. In *Artificial Hells*, she not only scrutinizes the emancipatory claims made for these projects, but also provides an alternative to

the ethical (rather than artistic) criteria invited by such artworks. *Artificial Hells* calls for a less prescriptive approach to art and politics, and for more compelling, troubling and bolder forms of participatory art and criticism.

An agent for the FBI's Special Crimes Unit in the middle of an undercover operation, Riley Crane awakens alone, covered in blood, with no memory of the past two weeks of her life, and unable to distinguish friend from foe. By the author of *Chill of Fear*. Reprint.

A riveting, deeply personal account of his-

tory in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BEST-SELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Szalai, The New York Times • NPR • The Guardian • Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. *A Promised Land* is extraordinarily intimate and introspective—the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of “hope and change,” and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This

beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.
